BE INSPIRED!

Join the 200 voices of the Dorchester divisions of Boston City Singers, ages 4-18, in our annual concert.

Be inspired by powerful performances of South African music, brought to you by the Concert Chorus. Experience the voices of our young children as they share their gift of song. And no holiday concert would be complete without your voice in our holiday sing-along.

It's an annual Boston City Singers tradition you won't want to miss!

Boston City Singers provides quality music and youth development education for young people living in and around Boston, inspiring excellence while fostering self-discipline, teamwork and success. After-school and Saturday Programs available for children ages 4-18.
